WARDROBE LOCKERS

AIRFLOW®

AIRFLOW® LOCKER

Boasting heavy duty construction and a very unique design, the Airflow® Locker is in a class all its own. It is the original wardrobe locker specifically designed to meet the needs of law enforcement personnel nationwide.

- 12 standard storage and organizational components configured on all units
- Heaviest gauge wardrobe locker on the market using 14 and 16 gauge steel
- Independent base drawer option
- Strategically engineered for unobstructed airflow throughout the entire locker opening

INFINITY LOCKER SYSTEM

The Infinity Locker has all the venting capabilities of the Airflow® Locker but is designed to allow complete in-the-field flexibility.

- Features a wide range of reconfigurable internal storage and organizational components that come fully assembled and function independently
- 18 gauge welded construction with independent base drawer option
- Can be configured to meet multiple storage applications

INFINITY

ENGINEERED FOR SECURITY ...DESIGNED FOR VERSATILITY

EVIDENCE LOCKERS

Evidence management is crucial to the outcome of criminal prosecutions. Our line of evidence lockers takes security to the highest level.

- 38 standard configurations
- Pass-back digital locking option
- 16 gauge construction
- Variety of lock options available

PASS-THRU EVIDENCE LOCKER

- Lockers are built into the wall
- Evidence is deposited from user side and retrieved from control side
- Rear door allows evidence to be removed and locker openings reset

NON-PASS-THRU EVIDENCE LOCKER

- Evidence is deposited and accessed from user side
- Master keyed so that evidence can only be retrieved by authorized personnel

REFRIGERATED EVIDENCE LOCKER

- Pass-thru or Non pass-thru, 42 1/2" & 82" heights available
- Can stand alone or be incorporated into standard evidence configurations
- Stainless steel construction
- Multiple insert options
- Forced air circulation
- Refrigerator or freezer
- Temperature controlled alarm

CHAIN OF CUSTODY ...MORE CRITICAL THAN EVER

FIREARMS & ARMORY RACKS

Our line of Firearms & Armory Racks are widely used in both armed forces and law enforcement facilities nationwide. These racks can be reconfigured to accommodate a wide variety of military arms storage including M4, M9, M16A2, M870, AR series weapons and more. To ensure durability, our Firearms & Armory Racks are constructed of heavy gauge steel.

- Multiple standard sizes
- Perforated retractable bi-fold doors for easy inventory viewing
- A variety of interchangeable and adjustable interior components for a wide range of storage configurations
- Optional side handles for increased mobility
- Built to DOD standards with NSN numbers applied

SIDEARM LOCKERS

HEAVY GAUGE LOCKERS

- Steel lockers engineered for use when a higher degree of security is required
- Piano hinged pull-down doors with felt-lined bottoms
- Standard 4, 6, 8, and 10 opening units

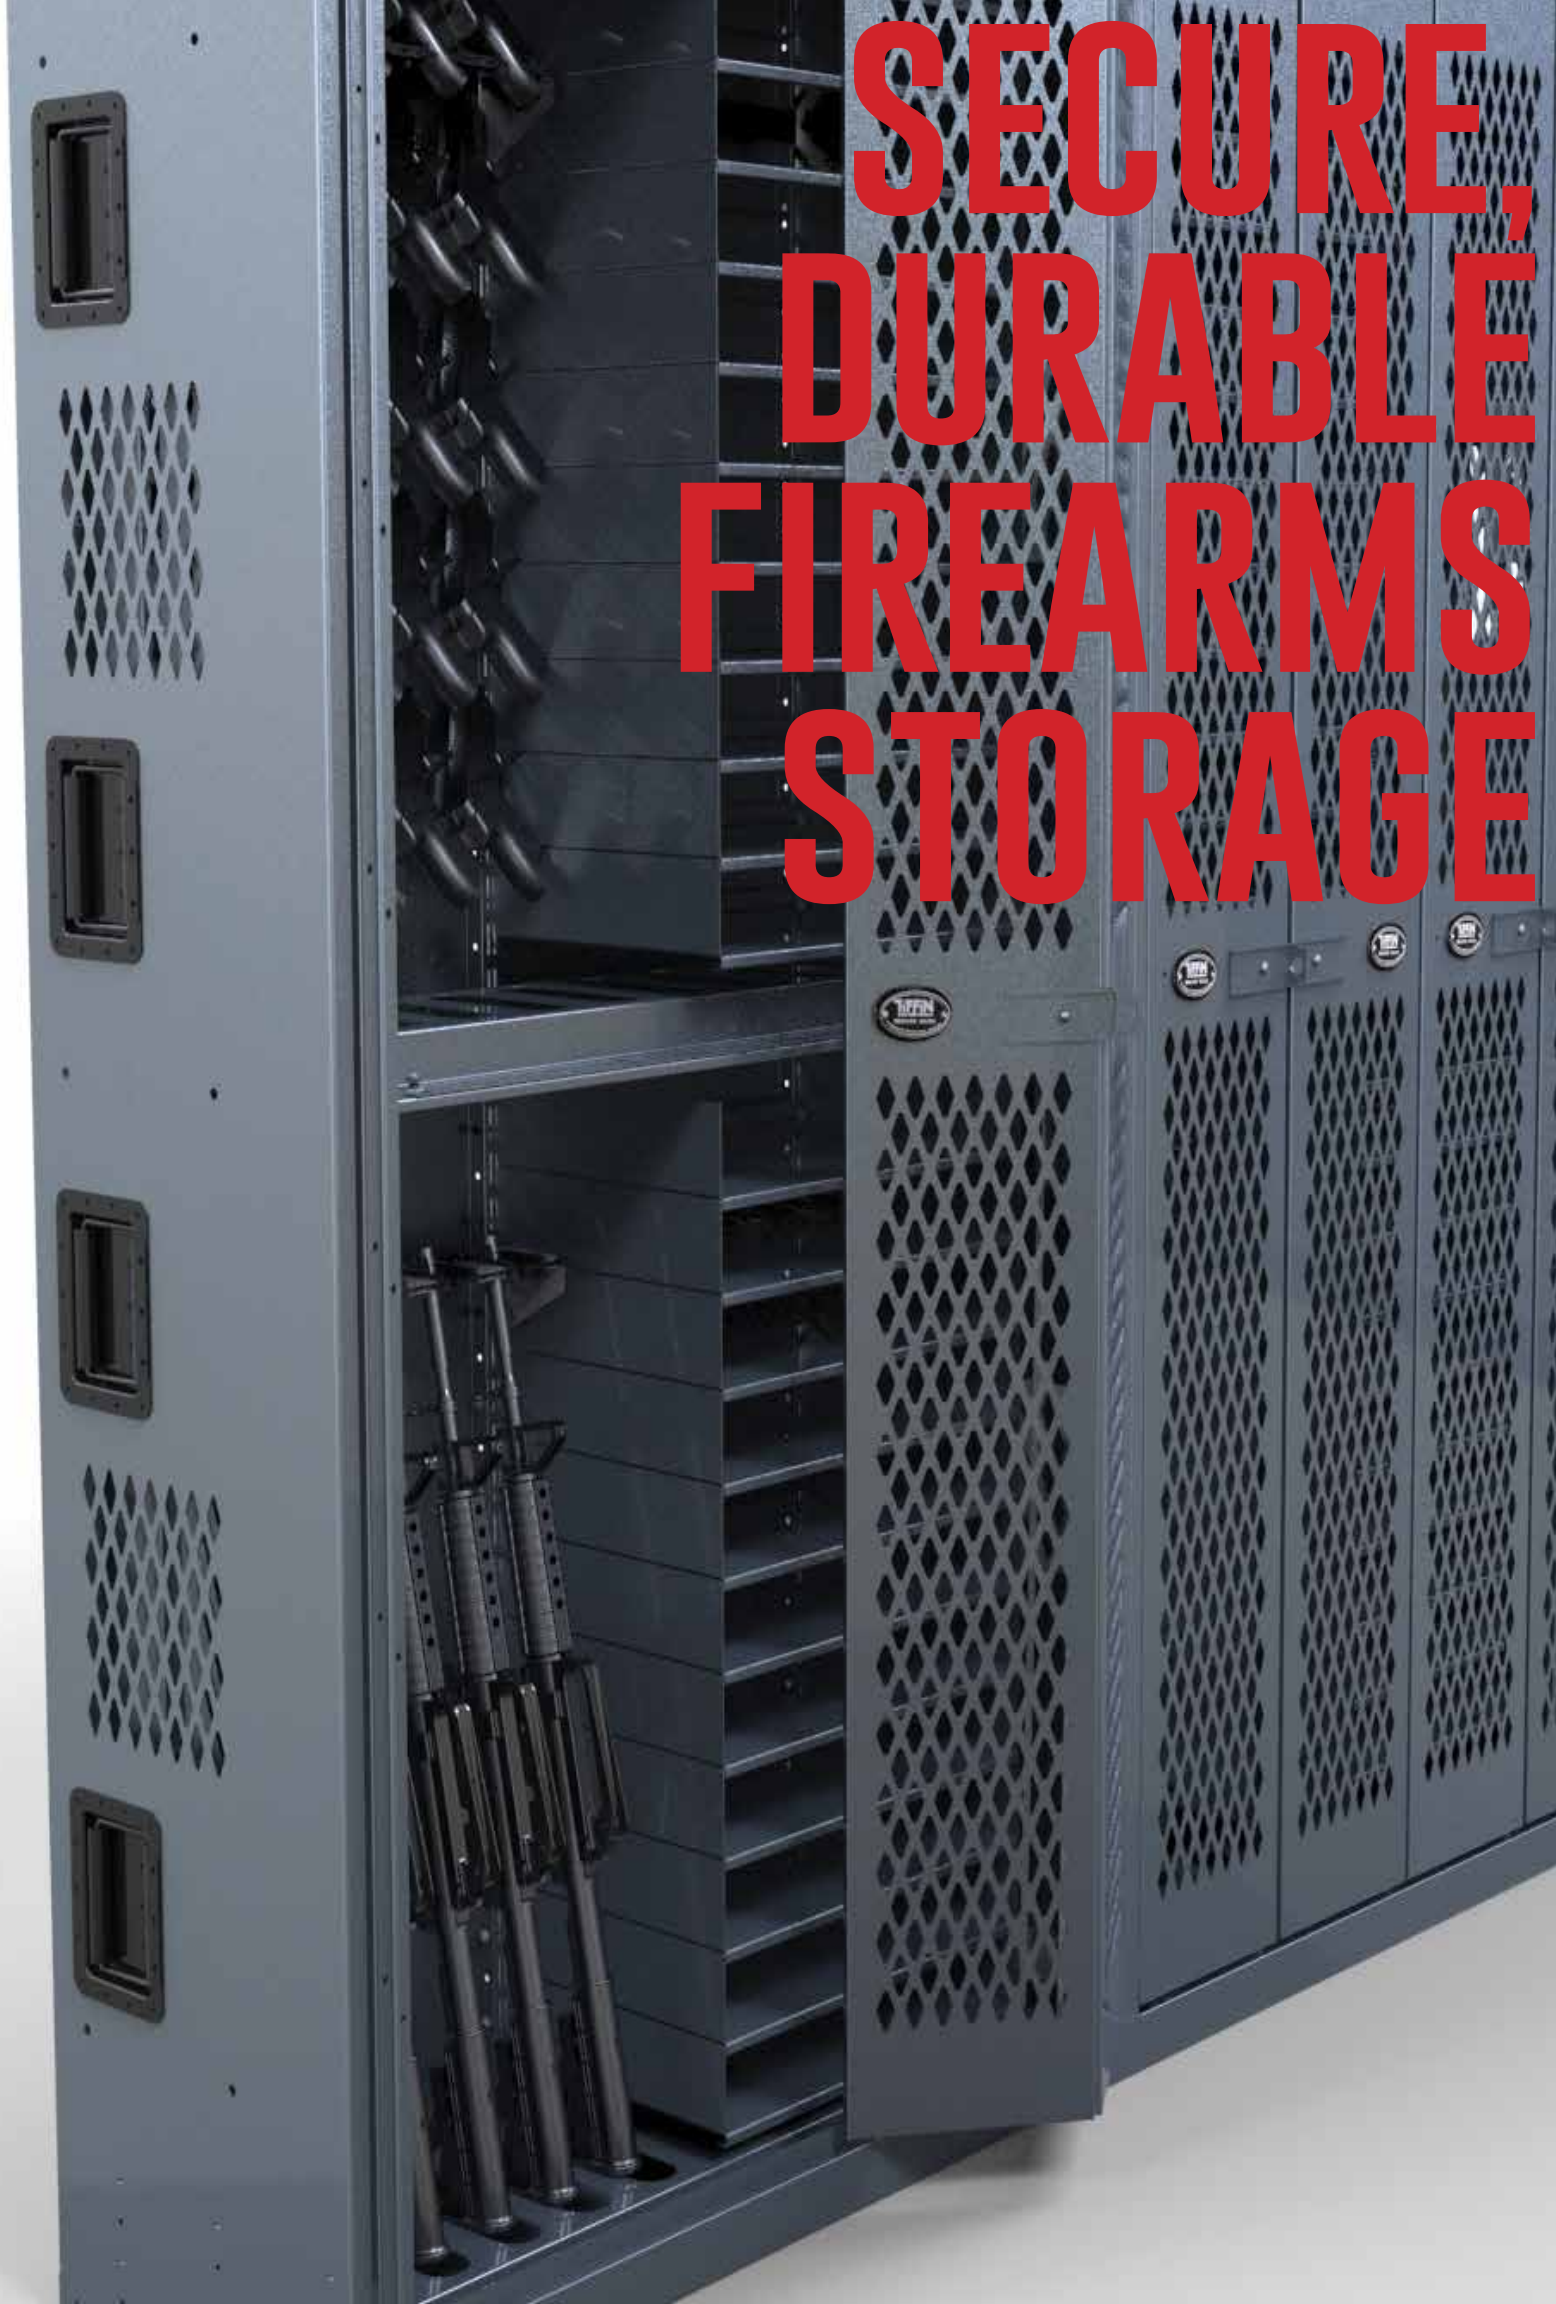

LIGHT GAUGE LOCKERS

- 16 gauge steel construction
- Multiple units may be configured together
- Standard 4 door vertical or cubed modules

SECURE, DURABLE FIREARMS STORAGE

MILITARY FIELD GEAR LOCKERS

The line of heavy-duty Military Field Gear Lockers (TA-50) is specifically designed for rugged military use. This specialized military locker is manufactured to accommodate issued equipment.

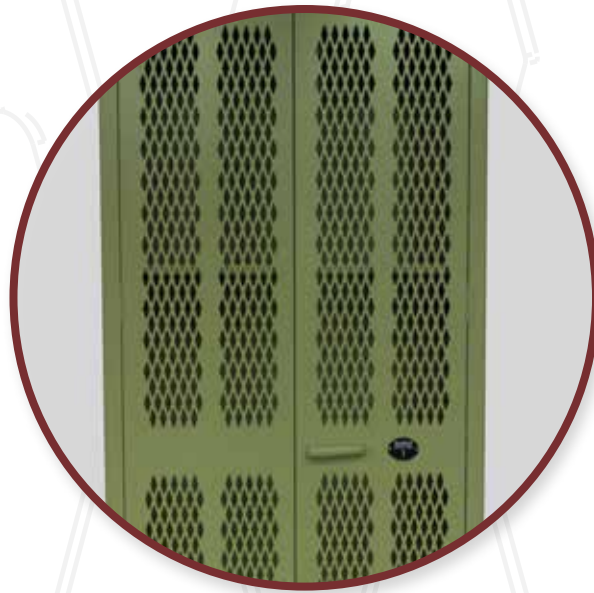

- Multiple standard sizes
- Built to DOD standards with NSN numbers applied

DUTY BAG LOCKERS

The line of Duty Bag Lockers is the most durable storage solution for duty bags, go bags and SWAT gear of all shapes and sizes.

- Heavy duty 14 and 16 gauge construction
- Multiple configurations available
- T-Handle, three point latch locking system
- Stainless steel available

VISITOR LOCKERS

COIN • KEY • TOKEN

Our line of Visitor Lockers are available for law enforcement settings. Visitor Lockers are often found in jail lobbies and are appropriate for storing personal items such as purses, wallets, bags, and cell phones.

- Locking systems are protectively concealed behind the door, out of sight from pry-out vandals
- Durable 16 gauge doors and frames
- Available with 1-6 doors
- Multiple locking options available
